Nippon Bonsai Association (NBA)

There are about 160 branches in Japan, and as of June 2024, the number of members is about 2,800.

The main purpose of the NBA is to promote the art of bonsai.

1) The 98th Kokufu Bonsai Exhibition

Early stage: February 9 to February 12, 2024

Late February 14 to 17, 2024

The venue was the Tokyo Metropolitan Art Museum.

The total number of visitors during the event was 10,293.

Many visitors came from overseas.

A total of 290 bonsai were exhibited in the first and second periods.

On February 16th, Their Majesties the Emperor and Empress visited the Kokufu Exhibition.

2) Displaying Satsuki (Asuka Nishiki) on "Bonsai Day"

The second Saturday of May is "Bonsai Day" designated by the World Bonsai Friendship Federation. In the lobby of the Saitama City Omiya Bonsai Art Museum in Omiya City, Saitama Prefecture, we cooperated in exhibiting Satsuki (Kouki), which was just in full bloom, for six days from May 10th to 15th.

3) Held exhibition of important bonsai

The exhibition of important bonsai was held at the Omiya Bonsai Art Museum in Saitama City for six days from September 27 to October 2. Important bonsai are bonsai that have excellent artistic qualities, are botanically valuable in terms of species, form, etc., and have historical value in terms of bonsai history, history of the tree, etc., and are judged by a panel of judges to have been preserved to the best of their ability for future generations with the understanding of their owners. Nine pieces of bonsai were exhibited, including trees that had been selected for the National Bonsai Exhibition and bonsai that had won awards at major exhibitions.
